PHELAN'S

IMPROVED

BILLIARD TABLES

The Best and Most Reliable Billiard Tables Manufactured.

The most eminent players and most competent judges have given their unqualified approval to these tables, and have publicly acknowledged their unequalled merit.

We have seven separate Patents for our *Combination Cushions* from the U. S. Patent Office. The French Government have lately granted a Patent for the same admirable invention.

We devote our whole attention to the perfection of the machinery of Billiards, and no other house can so readily fill orders for all articles in the Billiard line. There is no other house where the machinery of Billiards is so fully understood.

We have always on hand an extensive assortment of tables, made of the finest materials, thoroughly seasoned. The Workmanship is of the most scientific description, no expense being spared to sustain the reputation achieved by Phelan's Tables.

The eminent French Billiard Player, M. Berger, has published the following opinion :

"NEW YORK, 2d August, 1861.

"On the eve of leaving the United States, I am happy to declare to all amateurs of billiards that, after a tour of eleven months through the principal cities, I have been enabled to judge in a satisfactory manner, of the superiority of the Billiard Tables manufactured by Phelan & Collender. The system of manufacture is so superior, that I am happy to introduce their style of cushion into France. They have united to their manufacture of American Billiard Tables that of the French Tables, of remarkable excellence and beauty. For these reasons I am happy to make this declaration.

"BERGER, CLAUDIUS, Prof. of Billiards, Paris."

Parties ordering from us will find our prices as low as good work can possibly be made for. We sell first-class articles at a fair price, and will not make an inferior article at any price.

Orders by mail carefully and promptly executed. Illustrated Catalogues and Price Lists sent by mail. "THE BILLIARD CUE," a monthly journal, published in the interest of Billiards, and containing details of all novelties, a copious monthly record of Billiard news, and every thing of interest to amateurs of Billiards, sent free on application.
